SWISS MADE QUALITY

Ride-on scrubber dryer

RA805

Our RA805 shows its power where we ask for manoeuvrability and speed. The machine drives through doors with a width of 80 cm, has a good turning circle and is 50% faster than a walk behind scrubber. Due to the four wheels, a drive in the back, the machine is comfortable low to get on. The construction of the machine is very stable and robust.
