SWISS MADE QUALITY

Ride-on scrubber dryer with maximum performance

RA905

RA905, the synonym for agility, speed and stability. The narrow width makes it possible to drive through doors and turn in very narrow aisles. The RA905 is well suited for sports surfaces etc. thanks to its low floor pressure. The rear wheel drive together with a powerful drive motor ensures excellent climbing characteristics, even with a full tank.

Clean, cleaner, Cleanfix
