

LASER HIGH POWER
R E V O L U T I O N

THE ADVANTAGE OF HIGH POWER LASER COMPARE TO PLASMA

- + Two times faster than Plasma
- + LESS material consumption save MORE than 5% of material
50% less scrap obtain with : 5% less material consumption due to smaller kerf
- less space for piercing and lead in/out - smaller skeleton required - common cut
- + LESS energy consumption
20% reduction in energy consumption
- + LESS CO₂ EMISSIONS
50% reduction of CO₂ every machine compared to Plasma

30kW

LESS MATERIAL
LESS GAS
LESS ENERGY
LESS CO₂
